The media brand of automation for crossmedia communication!

- **A credible environment**
- **High range**
- **High utility value for the target groups**

For more than 25 years...

...the monthly automation magazine **Computer&Automation** has been following the increasing networking in the manufacturing and process industry and has been reporting on the fusion of IT and OT in technological depth ever since.

"High target group affinity"

Our readers and users are the decision-makers in the user industries of automation technology.

"Computer&Automation, the media brand for your successful B2B communication!"

With **Computer&Automation**, you can reach your target group in a crossmedia and networked way: Trade magazine, e-paper, website, newsletter, social media and events.

"With Computer&Automation, you can reach decision-makers directly in a high-quality editorial environment."

Total monthly circulation 32,549 copies (source: IVW)

"Computer&Automation - The monthly automation magazine"

The range of topics in the once classic automation pyramid, such as control technology, sensor technology, drive technology and networking, is supplemented by the trends of Industry 4.0, Industrial IoT, sustainability, human-robot cooperation, safety & security, machine learning and data analytics, interoperability and real-time Ethernet (TSN) as well as IT technologies such as edge & cloud computing.

"Around the clock - With computer-automation.de and the relevant social media channels!"

Over 106,000 page impressions (IVW-Online, 8/2024,) and over 21,000 followers on LinkedIn, XING, X, YouTube, Instagram and Facebook: **Computer&Automation** stands for successful online communication.

"Computer&Automation - Events in presence and digital."

The webinar theme days, the **Computer&Automation** Product of the Year awards ceremony and the TSN/A Conference are events for decision-makers in the industry.

The Official Daily 2025

The only official SPS trade fair newspaper

8 good reasons for your advertising presence:

The only official daily newspaper for SPS 2025, published by Computer&Automation, INDUSTRIAL Production and KUNSTSTOFF MAGAZIN, is published exclusively in cooperation with successful organiser of SPS - Mesago Messe Frankfurt GmbH.

Interactive e-paper!

The only official daily newspaper for SPS will be published in 2025 as an e-paper on computer-automation.de, industrial-production.de and kunststoff-magazin.de as well as on the accompanying digital SPS on air. Thanks to the interactive format, readers can be directed from your advert straight to your website and even be inspired by your multi-media content on day 1.

Daily updated reporting:

With independent editions on all three days of the trade fair

THE OFFICIAL DAILY daily for up-to-the-minute reporting direct from SPS - smart production solutions.

International visitor address:

THE OFFICIAL DAILY reports in German and English in order to inform international trade visitors about the trade fair news.

Changing motifs:

Use the only official daily newspaper for your campaign and use a different advertising motif for each of the three publication days.

With job market:

THE OFFICIAL DAILY, the ideal platform for finding qualified specialists without wastage at the international meeting place for the automation technology industry.

30,000 copies – exclusively distributed:

Only **THE OFFICIAL DAILY** will be distributed exclusively to trade visitors and exhibitors in the entrance areas and on the exhibition grounds.

This ensures the best possible distribution of 30,000 copies hot off the press.

100,000 newsletter recipients!

Each issue is sent to the newsletter recipients of Pelemedia GmbH via stand-alone newsletters. In addition, the e-paper edition distributed via the channels of Mesago Messe Frankfurt GmbH and the social media channels of Pelemedia GmbH.

Become a partner of the TSN/A Conference 2025

The Standard Time Sensitive Networking extends Ethernet to achieve excellent time synchronization and high worst-case latency for applications that require robust, deterministic connectivity.

TSN is particularly important in application areas such as industrial, automotive and pro AV/consumer IP networking.

The TSN/A Conference 2025 is jointly organised by the Avnu Alliance in co-operation with the trade media Computer&Automation and Elektronik automotive. The expert meeting will highlight the technological aspects of the standard as well as application-specific topics from various markets and industries.

The accompanying exhibition is an ideal opportunity to present your products and solutions to a competent and interested audience. The clear focus of the event minimizes wastage and ensures an optimal target group approach.

The user indemnifies Pelemedia in full against all third-party claims arising from the fact that the user breaches his/her obligations under these terms and conditions or - contrary to this declaration - the user does not own all rights to the submitted content or persons depicted - not agree to the publication. The content submitted is the personal opinion of the user and does not represent the opinion of Pelemedia. The user has no legal claim to the publication of the submitted content.

12. Right of cancellation: The user is entitled to cancel his declaration of intent to conclude a contract within two weeks. The cancellation period begins at the earliest upon receipt of this instruction. Timely dispatch of the declaration of cancellation is sufficient to meet the deadline. It must be made in writing without giving reasons and addressed to: Pelemedia GmbH, Richard-Reitzner-Allee 2, 85540 Haar. In the event of an effective cancellation, the services received by both parties must be returned and any benefits derived must be surrendered. If the user is unable to return the services received in whole or in part or only in a deteriorated condition, compensation must be paid. However, the right of cancellation does not apply if Pelemedia has begun to perform the service with the consent of the user before the end of the cancellation period or if the user has initiated this performance himself (e.g. by downloading, etc.).

13. Termination: Each party reserves the right to terminate the contract for good cause. Good cause exists in particular if the user continues to violate essential provisions of these GTC despite a warning and/or if the user commits misconduct directed against third parties by using Pelemedia's services for illegal purposes or for purposes that harass third parties. All cancellations under these GTC must be made in writing to the address stated in point 12. Access to Pelemedia's services will be blocked once the cancellation takes effect.

14. Place of fulfilment/jurisdiction: The place of fulfilment is the registered office of the provider. In business transactions with merchants, legal entities under public law or special funds under public law, the place of jurisdiction for legal action is the registered office of the provider. Insofar as claims of the provider are not asserted in dunning proceedings, the place of jurisdiction for non-merchants shall be determined by their place of residence. German law shall apply.

If the domicile or habitual residence of the customer, even in the case of non-merchants, is unknown at the time the action is brought or if the customer has moved his domicile or habitual residence outside the area of application of the law after conclusion of the contract, the place of jurisdiction be the registered office of the provider if the contract was concluded in writing.

15. Final provisions: Legal recourse is in connection with participation in competitions. Should individual provisions of these GTC, including these regulations, be wholly or partially invalid, the validity of the remaining provisions or parts of such provisions
